

specifications

Type Of Product	exterior
Brand	Forlite
Mounting Type	spike
Accessory Type	800mm Extension Rod
Luminaire Output	300lm
CCT	3000k
System Wattage	42W
Control	DMX
Beam Angle	38°
chip type	COB
Optics	12x 3.5W
Body	die-cast aluminium with powder-coat finish
Size	100 x 60 x 169mm
finish	Black
IP Rating	IP65
CRI	90
Lifetime	50000 hrs
Warranty	five years

Family Features

- system wattage: 6W, 12W, 18W, 30W or 42W
- luminaire output: 350lm up to 2500lm
- CCT: 2700K, 3000K, 4000K, RGBW
- optics: 3°, 8°, 18°, 24°, 38°, 60°, 10°x60°, 20°x55°
- control: non-dim, 1-10V, DALI, DMX
- operating voltage: 24V
- finish: black or grey, powdercoat finish
- accessories: surface mount, spike or pole mount

Overview

The Verde family consists of surface, spike and pole mounted spots with a lockable tilt angle suitable for various external lighting applications. Verde encompasses a minimalist sleek design with robust construction including a superior powder coating finish, toughened extra clear flush glass lens and anti syphon valve to prevent condensation build up inside the luminaire.

Verde offers four housing sizes from 6 to 42W with a range of dimming and colour temperatures including RGBW, with optics as narrow as 3 degrees through to 60 degrees, including oval options. The IP65 rating combined with a low glare SMD chip array ensure visual comfort and suitability for even the most exposed outdoor areas.

A versatile external spotlight suitable for gardens, facades and general outdoor lighting.
